

## Scholarship Information and Application for Spring 2012

### INFORMATION:

Kindermusik Academy is offering Scholarships to families in which one partner has lost a full-time job, in classes in Chesterfield, Des Peres and Richmond Heights. Classes are for babies and children up to seven years. Families in need are offered FREE tuition with payment only for materials (the books, CDs & instruments) which are an integral required part of each program. Materials range from \$35 to \$67, and vary with the age of the child and in which class he or she is enrolled.

The spring semester begins January 23, and Kindermusik tuition ranges between \$185 to \$199 for a 14-week program, once per week, with adult and one child, or \$120 for a 10-week "Family Time" program. Class schedule and prices are here: <http://www.kindermusikstl.com/kmregform.pdf>

### REQUIREMENTS:

1. The class requested must have minimum enrollment of 6 paid-in-full children.
2. The scholarships will sometimes be awarded one week before classes begin, but more likely be awarded just a few days before. They will be given on a first-come, first-served basis. The first to apply and show need will be the first to obtain the scholarships that become available.
3. If a job is acquired before the semester begins, parents would be expected to drop off the scholarship wait list.
4. If a job is acquired during the semester, parents would be expected to contribute payment at the rate of 50% of tuition for the remaining classes.
5. If the class of your choice has spots available, you may be notified one to five days before the session begins, and materials must be paid for by check or cash at the first class. There are a limited amount of used materials which also may be available.

Kindermusik is an internationally recognized early childhood music and movement program, developed by Kindermusik International®. It is based on the beliefs that every child thrives and grows through musical endeavors, and that participating with a parent will enhance the bond between them. Children six months through seven years develop life-long musical skills, and love of music through musically-enriching activities, including dance, singing, games, stories, imaginative play and percussion instrument play. High quality home CDs, story books, and instruments keep the music alive at home all week, for further musical enrichment.
